

# WELCOME TO OUR OPEN DAY AT ARMAGH CAMPUS

We're delighted that you're considering Southern Regional College and would like to extend a very warm welcome to our Armagh Open Day.

We know that when considering your next step, one of the most important things is to get a feel for the College and all the aspects of life and study that matter to you. That's why we've created a flexible Open Day experience that enables you to explore our campus, departments, facilities, and support services.

You can talk to our support staff in the Conference Suite when you arrive, while also visiting staff and facilities in other areas of our Armagh Campus.

We've created this handy guide for you to use to find out more about what each subject has on offer, to help you plan your time.

## COLLEGE LIFE

College life is about more than just study. Our general information stands are manned by staff who can answer any questions you may have related to student life such as finance, learning support and careers.

You will also have the opportunity to apply to SRC while at Open Day!

Our support services staff will be available to talk to you in the Armagh Campus Conference Suite.

Area	Find out More
<b>Careers Guidance Service</b>	Perhaps you haven't yet decided on the best route for you and need some advice on what your next step may be. Our Careers staff are happy to help guide you to make the right choice.
<b>Learning Support Services</b>	We are committed to providing a safe, supportive, and welcoming learning environment for all our students. Our inclusive policies aim to promote active participation and seamless integration into College life. Our Learning Support team can help support all students to become independent learners.
<b>Student Finance</b>	Our Campus Services team will answer any finance related queries you may have. This may cover applying for higher education loans and grants or considering if you are eligible for Educational Maintenance Allowance.
<b>Admissions &amp; Online Applications</b>	The Admissions team are on hand to answer any questions you have around our application process. Should you wish to make your application while on campus at Open Day, we have laptops available, and our staff can help take you through this process.
<b>Project Based Learning</b>	Project Based Learning (PBL) is a teaching method in which students learn by actively engaging in real-world and personally meaningful projects. PBL is a very active part of the qualifications we deliver at SRC, helping you become more employable. Speak to the PBL team to find out more about how PBL can enhance your learning.
<b>Student Engagement</b>	SRC Student Union hosts a series of events across the College throughout the academic year to ensure students have access to advice, information and resources to help both personally and academically. Speak to one of our Student Engagement Officers to discover how you can make the most of your College experience.
<b>Business Support Services</b>	Our Business Support team are available to answer any questions you may have about securing an employer as part of your educational journey, be this through an apprenticeship or higher-level apprenticeship. Speak to the team to find out how we can help.

# SUBJECT ACTIVITY

Check out our subject hubs to learn lots more about the course you are interested in studying. These hubs mirror the subject choices available at our Armagh Campus.

Staff will give you an introduction to what our different subject areas have to offer, as well as giving you the chance to ask any questions you might have for our academic staff.

Subject Area	Find out More	Location
<b>FACULTY OF BUILDING TECHNOLOGY &amp; ENGINEERING</b>		
Construction - Further & Higher Education	The construction industry has undergone a digital revolution and construction professionals need to combine digital skills with technical knowledge to function effectively in the industry. Our courses offer you these very skills to succeed in this ever-changing environment. Talk to our team to find out more. <b>Showcase: Equipment demo of our Quantity Surveying equipment, surveying drone, thermal imaging camera and CAD software</b>	ARM-3-24
Construction - Joinery & Carpentry	To be a carpenter and joiner you need to be good with your hands and enjoy working as part of a team. Our courses will train you to use a range of tools and machinery to a high standard while following strict safety procedures. <b>Showcase: Join our presentation and have a go at joinery activities</b>	ARM-0-28
Electrical	Electrical students should have good practical hand skills, an eye for detail and be able to work well as part of a team. If this sounds like you, talk to our team to find out more. <b>Showcase: Watch our students as they carry out inspection and testing of equipment</b>	ARM-2-44
Engineering - Advanced Technical Award	Our level 3 programme is equivalent to 3 A-Levels and is designed to recognise the rapid growth and changes occurring within engineering. We aim to provide students with the skills and knowledge to apply in an industrial environment. Speak to our team to find out more. <b>Showcase: View our students demonstrating how to carry out tasks on pneumatic equipment</b>	ARM-3-24
Engineering - Work Based Learning (Apprenticeships & Traineeships)	Talk to our staff about the range of apprenticeship and traineeship courses available within the field of engineering. Our courses are practical, giving students the skills needed to function in a fast moving, multi-skilled engineering industry. <b>Showcase: View a demonstration of equipment such as the virtual welder, box pan folder, riveter and spot welder. Have a go at folding sheet metal, riveting and wiring components</b>	ARM-0-35
Motor Vehicle	There is a demand for skilled and qualified body and paint technicians for all types of vehicles and employers increasingly need committed, well trained and enthusiastic workers. By completing one of our motor vehicle courses, you will increase your skills, knowledge and performance and become a valuable team member. <b>Showcase: See an equipment demonstration including engine rig, diagnostic machine, oscilloscope and tool selection. Have a go at diagnosing engine faults</b>	ARM-0-36
<b>FACULTY OF COMPUTING, DESIGN &amp; ACADEMIC STUDIES</b>		
A Levels	With a choice of 14 full-time A-Levels at our A-Level Academy you will be spoilt for choice! Come and have a chat to find out more about choices available to you at Armagh Campus.	ARM-0-26 ARM-2-38 & ARM 2-58
Arts, Design & Crafts	From recreational courses to level 3 extended diplomas, our art and design team will showcase the range of courses on offer and provide you with an overview of the modules you may complete which include fine art, photography, graphic design and textile design. <b>Showcase: View our demonstrations of painting, sketching, printmaking, digital drawing, felting and stitching or enjoy our fantastic student art exhibition</b>	ARM-2-55 & ARM 2-56
Computing & IT	With courses offered at introductory level through to higher education, our computing & IT staff can help you secure the knowledge, skills and behaviours needed to succeed in the workplace. Our study programmes are designed to help you secure employment in the growing computing sector and address the increasing need for high quality professionals. <b>Showcase: Have a go at robotics, AR &amp; VR and view a demonstration on Internet of Things</b>	ARM-2-25
Media	The creative industries are an important growth area in the UK and Ireland. Our courses cover a broad range of media sectors including moving image, 2D and 3D animation, web authoring, graphics and sound. Check out the wide range of media courses we have available. <b>Showcase: Have a go at filming or photography. Get a taste of what is involved in animation, 3D models, film and much more!</b>	ARM-2-24
Music	Our innovative and contemporary courses in music are designed to develop creativity and skill for the music sector. Our ongoing engagement with industry ensures we are teaching the appropriate skill level and our staff offer advice to guide the student down whatever career pathway they choose. Speak to our enthusiastic music team to find out more about the courses on offer. <b>Showcase: Watch our live performance showcase, view our state-of-the-art facilities or have a go with our music looper!</b>	ARM-2-13 & ARM-2-15
Performing Arts	Northern Ireland is well known for excellence in the performing arts and our courses are designed to provide you with the knowledge, skills and understanding necessary to access and progress to higher education study or employment in the performing arts. <b>Showcase: Come and see our students perform a mix of acting, musical theatre, dance and physical theatre. Don't be shy, have a go at our open mic event and showcase your talents too!</b>	ARM-2-02 & ARM 2-06
<b>FACULTY OF HEALTH &amp; SCIENCE</b>		
Access Diploma in Adult Learning	The overall aim of the Access Diploma in Adult Learning is to provide a sufficiently broad education for adults who have few or no appropriate qualifications to enter higher education. It is a unique programme that provides a second chance for those who have missed out on earlier opportunities.	ARM-2-38
Children's Care, Learning & Development	Our children's care courses can provide you with the knowledge, theory, and skills to help you prepare to work with children and young people, in a range of settings, including nurseries and day care. We also offer entry level courses to develop confidence, self-esteem and independence in life and work skills. Come along and speak with our staff!	ARM-2-52 ARM-2-51 & ARM-2-54
Life & Living Skills	<b>Showcase: Get involved in early years activities in our simulated play room including sand top table activities, games and reading corners and baby simulators</b>	

Health and Social Care & Healthcare Practice	With the demand for qualified staff in our health and social care sector why not think about a course in this industry? Our team are available to speak to you about the courses on offer that can lead to a range of employment opportunities in the health care sector. <b>Showcase: See our age simulation suite and have a go at taking clinical observations such as blood pressure and heart rate. Get involved in conversations about international trips and view our student's Project Based Learning projects. See our demonstration of PPE, effective handwashing, and micro-organisms</b>	ARM-2-34 & ARM 2-37
Science & Forensics	Want to enter a career in the areas of laboratory and industrial science, forensic science, biomedical science, biological science, environmental biology, human health and nutrition, microbiology, nursing as well as other potential career pathways? Then speak to our science team to find out how SRC can take you there. <b>Showcase: See our simulated crime scene and testing of white powder. Have a go at finger printing, bacteria growth and view of dissection</b>	ARM-2-41
<b>FACULTY OF PROFESSIONAL SERVICES</b>		
Beauty Therapy	Beauty therapy teaches the fundamentals of working within beauty related industries. Our courses cover many areas such as skincare, manicure, pedicure as well as health and safety and client care. Come along and see our excellent salon facilities and speak with our expert staff on how you can kick start your career in the beauty industry! <b>Showcase: View our make-up demonstrations</b>	ARM-0-01 & ARM-0-02
Business & Retail	Explore the ever popular world of business and retail where our courses will enable you to develop a broad range of knowledge and skills for a career within any sector.	Conference Suite
Hairdressing & Barbering	Our hair & barbering courses are designed to provide you with the necessary skills and knowledge required to carry out hairdressing or barbering services. Our students practice and perform on paying clients in a real working environment as well as learning the science of hairdressing and barbering. <b>Showcase: View our hair-up demonstrations</b>	ARM-0-06 & ARM-0-09
Sports Studies	With our fitness industry thriving, now is your chance to our hear about the range of part-time and full-time sports courses available at SRC. We offer various pathways, from those who are keen to move into coaching and development to those who wish to study the science of sport. Speak to our expert staff to find out which pathway is right for you. <b>Showcase: View our top of the range fitness suites and sports labs</b>	ARM-0-12 & ARM-1-12
