Course Levels Explained

At Southern Regional College, you can choose from a variety of courses, from entry level qualifications right through to degree and postgraduate study.

So where do you begin your journey? The table below should help you understand at which level to join. This guide focusses on courses from entry level to level 3. To find out more about our higher education qualifications (level 4+), check out our website or pick up a copy of our higher education course guide.

Level	Summary	Qualification Examples	Equivalency
Entry Level Level 0	An introduction to education and employment skills. Generally, courses for those not currently in education, training or employment or with special educational needs.	LEAP Employability or LEAP Personal & Social Development	N/A
Level 1	An opportunity to acquire a broad range of knowledge and practical skills. These courses address personal and development needs to enable learners to gain the necessary skills to move to the next level.	Hospitality & Catering Level 1 Certificate	GCSE Grades D-G
Level 2	Focus on a specific subject area. Level 2 courses offer a practical way to study to gain the skills needed to secure employment or to progress to Level 3. Suitable for those who had achieved less than 4 GCSEs at Grade C. Also suitable for those wishing to study an apprenticeship. Recognised by employers	Level 2 NI Traineeships Level 2 Apprenticeships First Certificates Level 2 Diplomas	4 or more GCSEs Grades A*-C
Level 3	Build on knowledge to progress to higher education or skilled employment. Most Level 3 courses carry UCAS points to allow entry to higher level education. Access courses for adults with few or no formal qualifications who wish to prepare for entry to university. Recognised by employers. Level 3 Apprenticeships to help further knowledge in chosen subject area.	A-Levels Advanced Technical Awards Extended or National Diplomas Level 3 Apprenticeships Adult Access	2, 3 or 4 GCE A-Levels (depending on route taken)

Courses in Depth

A-Levels (Level 3)

Our A-Level Academy is located at our Armagh campus and offers a full range of AS and A2 subjects on either a full-time or part-time basis. You can find out more about our A-Level Academy by viewing our A-Level course guide on the College website in the download section.

Duration: 2 years to complete A2 levels

Entry Requirements: To study 3 A-Levels - 5 GCSEs at Grade C plus Maths & English. To study 4 A-Levels - 6 GCSEs at Grade B plus Maths & English. Specific subject grades at GCSE may apply depending on A-Level options chosen.

Further Education (Level 3)

Level 3 further education courses offered at SRC are mainly Level 3 Advanced Technical Awards, Level 3 BTECs or Level 3 qualifications offered by other awarding bodies. Students choose one area they are interested in, and this forms the basis of the full Level 3. Most of these qualifications are equivalent to 3 A-Levels. Advanced Technical Awards have been developed in collaboration with employers so that the course content meets the needs of industry and prepares students for work, further training, or further study.

Duration: 2 years

Entry Requirements: At least 15 points at GCSE or BTEC Level 2 Diploma or NVQ Level 2 or Leaving Cert profile equivalent to 12 points (of which 3 subjects must be achieved at Grade C3 or better at Ordinary Level) pre-2017. From 2017 onwards, 3 subjects must be achieved at 04 or better at Ordinary Level. Each Level 3 course at SRC will require differing and specific requirements. Please see the course information on the SRC website for further details.

Adult Access Courses (Level 3)

If you are returning to education, don't feel daunted. Whether it's been a while since you've been in a classroom or you have qualifications in a different area, our adult access courses will introduce you to your new career and prepare you for university or other higher education courses. Adult Access courses are designed for those aged 19+ who've been out of education for a while. Learning never stops, so why should you!

Duration: 1-2 years (depending if full-time or part-time route taken)

Entry Requirements: No formal requirements.

Apprenticeships (Level 2 & 3)

Apprenticeships offer apprentices the opportunity to gain a qualification while working within their chosen field. Apprentices split their time between the workplace and College and earn a wage while completing their course. Our facilities allow apprentices to gain practical experience to take into the workplace making them work ready. Apprenticeships are now open to anyone of any age allowing older learners to jump back into workplace learning and get qualified.

Duration: 1-2 years depending on level.

Entry Requirements: Requirements are dependent on level. Some apprenticeships also carry enhanced entry criteria. Check out the course you are interested in on the SRC website for further detail.

NI Traineeships (Level 2)

Get ready for work or further study with a NI Traineeship. Traineeships provide a vocational education and training programme and are aimed at school leavers or adults who aspire to work within a specific sector.

As part of a Traineeship students will gain:

- A professional and technical qualification in a chosen area.
- Practical and soft skills, such as problem solving, communication, teamwork and leadership.
- A work placement with relevant experience.
- Literacy and numeracy qualifications (Essential Skills or GCSEs if not previously obtained).
- Additional qualifications aligned to occupational area e.g. health and safety, CSR or manual handling.

Duration: Either 1 or 2 years (depending on subject chosen).

Entry Requirements: A Level 1 qualification which is normally 4 GCSEs grades D-G including Maths and English grades D-F or equivalent. Some Traineeships require enhanced grades, so check each subject listing on the College website for details.

Facilities

Think you know Southern Regional College? Think again! We offer top class facilities to support our students through their learning experience at the College.

Learning Resource Centres

Access a wealth of learning resources across all our campuses. We stock thousands of hard copy books, eBooks, eTextbooks, ejournals and articles, combined with a wide range of electronic multimedia materials to help you study. LRCs are also equipped with PCs and iMacs and offer printing, scanning and photocopying services.

Cafes and Social Spaces

Take a break in one of our cafes and chill in comfortable surroundings. You'll never go hungry with the range of food on offer.

Restaurants

Fancy an exceptional meal prepared by hospitality students under the guidance of our industry trained Chefs and Restaurant Managers! Then come along to the Oracle Restaurant (Portadown campus) or Graduate Restaurant (Newry East campus) for a fine dining experience. Pre-booking recommended.

Fitness Suites & Testing Labs

We believe in education that is practical and relevant. If you chose a fitness related discipline, you will have access to our fitness suites and labs which host a range of cardiovascular and resistance equipment. You can also join one of our sports academies. We also have quite a few sports teams that are always keen for new members – and any student can join!

Theatre & Dance Studios

Our Armagh campus contains a dedicated multi-purpose theatre and dance studio. Performing Arts students will train and perform in this space alongside highly skilled musicians, sound engineers, composers, and producers. Students will also tour local schools with performances. Watch out for the SRC Panto each December too – book your tickets early for this in-demand performance.

Music Facilities

Our Armagh campus contains cutting-edge recording studios and rehearsal rooms which will allow students to experience music projects from composition and recording to post-production.

Art Studios

Unleash your creativity in our multipurpose art and design studios where students can develop their work from initial idea to masterpiece!

Training Workshops

We have huge training workshops across three of our campuses, each hosting industry-standard equipment. Trainees and apprentices can benefit from the latest technology in their chosen discipline.
